

I don't wanna talk about it

I can tell by your eyes
That you've probably been cryin' forever
And the stars in the sky don't mean nothin' to you
They're a mirror

I don't wanna talk about it
How you broke my heart
If I stay here just a little bit longer
If I stay here, won't you listen to my heart?
Oh, my heart

If I stand all alone
Will the shadow hide the colors of my heart?
Blue for the tears, black for the night's fears
The stars in the sky don't mean nothin' to you
They're a mirror

I don't wanna talk about it
How you broke my heart
If I stay here just a little bit longer
If I stay here, won't you listen to my heart?
Oh, my heart
My heart
Oh, my heart
This ole heart

I don't wanna talk about it
How you broke my heart
If I stay here just a little bit longer
If I stay here, won't you listen to my heart?
Oh, my heart
My heart
Oh, my heart

Rod Stewart

Harry Potter

I can see you're a fan
of the magical world down at Hogwarts.
Oh, you know all the spells and the potions and wands
and you love it.

Harry Potter is your hero,
so is Dumbledore.
You think magic can be good or evil,
but I tell you both are coming from one source:
You are deceived!

If there's someone who warns
and who tells you 'bout the dangers of this world,
you laugh at him, tell him he's wrong.
You think of the books, there were people like him:
He's a Muggle.

Harry Potter is deceptive,
do not follow him!
Magic leads you to eternal misery,
magic leads you where the devil takes your soul,
oh, your soul,
your precious soul,
oh, your soul,
precious soul!

Harry Potter is deceptive,
do not follow him!
Magic leads you to eternal misery,
magic leads you where the devil takes your soul,
oh, your soul,
your precious soul,
oh, your soul!
