

***Another brick in the wall  
(We don't need no education)***

We don't need no education  
We don't need no thought control  
No dark sarcasm in the classroom  
Teacher, leave them kids alone

Hey, teacher, leave them kids alone  
All in all it's just another brick in the wall  
All in all you're just another brick in the wall

We don't need no education  
We don't need no thought control  
No dark sarcasm in the classroom  
Teachers, leave them kids alone

Hey, teacher, leave us kids alone  
All in all you're just another brick in the wall  
All in all you're just another brick in the wall

***Another brick in the wall  
(We don't need no education)***

We don't need no education  
We don't need no thought control  
No dark sarcasm in the classroom  
Teacher, leave them kids alone

Hey, teacher, leave them kids alone  
All in all it's just another brick in the wall  
All in all you're just another brick in the wall

We don't need no education  
We don't need no thought control  
No dark sarcasm in the classroom  
Teachers, leave them kids alone

Hey, teacher, leave us kids alone  
All in all you're just another brick in the wall  
All in all you're just another brick in the wall

***Hey, preachers, take the Holy Book!  
(We don't need no ceremonies)***

We don't need no ceremonies,  
no tradition from the old.  
Jesus is our guide forever,  
loves us with His heart of gold.

Hey, preachers, take the Holy Book!  
Teach the doctrines God gave us therein!  
Do forsake twisted statutes by men!

Satan always tried to hinder  
men from following the truth.  
Harmful rules should be forgotten,  
only Bible teaching's good!

Hey, preachers, take the Holy Book!  
Teach the doctrines God gave us therein!  
Do forsake twisted statutes by men!

***Hey, Priester, haltet euch ans Wort!  
(Weg mit den Zeremonien)***

Weg mit den Zeremonien,  
weg mit falscher Tradition!  
Jesus nur ist unser Führer  
hin zu Gottes hohem Thron.

Hey, Priester, haltet euch ans Wort!  
Bibeltreue Lehre ist unser Weg!  
Menschensatzungen müssen nun weg!

Was die Alten da verbochen,  
geht uns heute nichts mehr an.  
Luthers gute Übersetzung  
brachte Licht dem kleinen Mann.

Hey, Priester, haltet euch ans Wort!  
Bibeltreue Lehre ist unser Weg!  
Menschensatzungen müssen nun weg!
