

Longer

Longer than there've been fishes in the ocean
Higher than any bird ever flew
Longer than there've been stars up in the heavens
I've been in love with you

Stronger than any mountain cathedral
Truer than any tree ever grew
Deeper than any forest primeval
I am in love with you

I'll bring fire in the winters'
You'll send showers in the springs
We'll fly through the falls and summers
With love on our wings

Through the years as the fire starts to mellow
Burning lines in the book of our lives
Though the binding cracks
And the pages start to yellow
I'll be in love with you
I'll be in love with you

Longer than there've been fishes in the ocean
Higher than any bird ever flew
Longer than there've been stars up in the heavens
I've been in love with you
I am in love with you

Their great prophet

Yuval is their great prophet and we know him
from his books and the shows on the net.
He's allowed to communicate his worldview
showing his haughtiness.

Yuval thinks he is part of a high class,
better people than everyone else.
They believe money makes them so superior,
so does Yuval as well.

He sees different kinds of people:
those who can „upgrade themselves“.
AI makes them better humans.
And then, there's the rest...

You can guess you're not part of „the elitists“,
you can guess you are part of „the rest“!
As the robots work,
we all are no longer needed.
What shall they do with you?
What shall they do with you?

Yuval is their great prophet and he tells us
openly of their plans and their plots.
Tell them NO, you will not give them your power!
You are a child of God!
You are a child of God!
